

PRODUCT NAME

CARBON ELIMINATOR

PRODUCT CODE

VTP-2002

PRODUCT CATEGORY

AUTOMOTIVE ADDITIVES & LUBRICANTS

Valor's Carbon Eliminator is a highly concentrated fuel additive that cleans the entire fuel system, including the combustion chamber, intake valves, and injector tips. It dissolves carbonaceous residue and removes harmful deposits that restrict fuel flow, cause inefficient ignition and reduce power output. The high-quality detergents and additives in Carbon Eliminator are able to restore lost performance and gas mileage. It can be used in all types of fuel, including alcohol-blended versions. The formula is compatible with all fuel system materials, catalytic converters and oxygen sensors.

APPLICATION

Pour entire contents of bottle into fuel tank.

Caution: make sure tank has a minimum of five gallons of gas. Less dilution may cause erratically-running engine during cleaning cycle.

FEATURES

Improves Performance

Can improve driveability in one tankful.

Cleans

Cleans combustion chamber deposits.
Cleans injector tips for better fuel flow and fuel efficiency.

Inhibits Corrosion

Special formula helps prevent rusting.

Safe

No harm to catalytic exhaust or fuel system components.

Versatile

Can be used in all types of fuel.

PACKAGING FILL: 12 oz CASE QTY: 24 CASE WT 19 lbs.

SPECIFICATIONS

TEST	ASTM METHOD	TYPICAL RESULTS
Appearance	—	Clear & Bright
Color	—	Light Brown
Odor	—	Amine
Specific Gravity @ 68°F	D1298	0.88
Density, US lbs/gal @60°F	D1250	7.35
Flash Point (°F) PMCC	D93	>124
Boiling Point (°F)		>185
%VOC		25.6
